- ▶ ALL GLIDES HAVE A LIFETIME MANUFACTURER'S WARRANTY

ASK YOUR DEALER FOR DETAILS

- WARRANTY**
We think our 100-Year Limited Warranty is the best in the business.
- CONFIGURATIONS**
Cabinets are available in over 220 configurations and thousands of sizes. Get creative with corner cabinets, wall hutches, broom closets, pantries, linen closets, spice drawers, microwave oven cabinets and even TV cabinets.
- CREATE-A-CABINET**
All of our cabinets are custom-made when your order is placed. If the thousands of standard sizes offered aren't just right there are more than 35 custom modifications, to 1/16" of an inch, to perfect your design. Use our Create-A-Cabinet program for Vision and Entree and custom modifications will not increase lead times.
- PLYWOOD OR PARTICLEBOARD**
We offer two great construction materials to choose from on selected door styles: engineered wood or an all-plywood box.
- WOOD FINISHES**
All our wood products undergo a multi-step process to achieve a high-quality, fine-furniture finish noted for its attractive, medium or low sheen. Finish choices for Wood doors include Stain, Paint, Linen, Vintage, Antiquing, Distressing, and Glazing.
- MOLDINGS AND TRIMS**
The beauty is in the details. Don't forget the moldings, trims, edging, valances, end panels, legs, feet, appliques and other decorative touches to personalize your kitchen.
- DOORS WITH GLASS**
Adding doors with glass to your kitchen design adds depth to visually expand your space and a touch of elegance. Choose Frame, Mullion, Prairie, or Quarter-Round styles with Art Glass or Leaded Glass and show off a little!

ENVIRONMENTAL STEWARDSHIP

Preserving our environment and reducing our footprint is integrally linked with our objectives and product. Our standard construction is made to comply with CARB formaldehyde standards using Environmentally Preferred Product (EPP) for case and door construction material. Our company is certified to the KCMA Environmental Stewardship Program (ESP) and can supply products that contribute to the USGBC Leadership in Environmental Design (LEED) credits for recycled content, regional material, rapidly renewable material, FSC-certified wood and low-emitting materials. Ask your Dealer how we can supply product to your unique specifications.

WE MEAN "FULL ACCESS"

"Full access" is how we refer to our "frameless" cabinet construction, but because we believe the kitchen should work for everyone, we've also designed cabinets that conform to the requirements of the American's with Disabilities Act. Ask your Dealer about our convertible cabinets for handicap-accessible kitchens or convertible apartments.

ULTRACRAFT ADVANTAGES
